

Little Rock Police Department Notification:

Little Rock Police Officers will be working the PGA Tour Champions Simmons Bank Championship from Monday, October 21st to Sunday, October 27th, 2024. Our primary role in the event will be to staff road closures and to ensure the safety of motorists and pedestrians in the immediate area surrounding the tournament. Officers will strictly adhere to state law, Little Rock City Ordinances and Little Rock Police Department Policy and will not be towing vehicles which are legally parked on city streets, even if an event parking pass is not present. Neighborhood residents are cautioned about taking any personal action on parked vehicles in the neighborhood unless the vehicle is parked on that resident's private property.

We will have sufficient staff on site each day should an issue arise that requires police assistance; however, Officers are prohibited from towing vehicles from private property. This action must be taken by the affected resident. If Officers are needed, please contact your designated PGA point of contact or your POA representative at the event.
